The Pledge of Commitment

As a student of the medical profession:

I solemnly pledge to dedicate my life to the service of humanity;

*The health and well-being of my patient
will be my first consideration;*

I will respect the autonomy and dignity of my patient;

I will maintain the utmost respect for human life;

*I will not permit considerations of age, disease or disability, creed,
ethnic origin, gender, nationality, political affiliation, race, sexual
orientation, social standing or any other factor to intervene between
my duty and my patient;*

*I will respect the secrets that are confided in me,
even after the patient has died;*

*I will practice my profession with conscience and dignity and
in accordance with good medical practice;*

*I will foster the honour and noble traditions
of the medical profession;*

*I will give to my teachers and colleagues the respect and
gratitude that is their due;*

*I will share my medical knowledge for the benefit of the patient and
the advancement of healthcare;*

*I will attend to my own health, well-being, and abilities in order to
provide care of the highest standard;*
